

## To Obtain Services

Parents and school staff can facilitate a referral by contacting the school guidance counselor or by calling the site contact number on the back of this brochure. Students receiving services must have, or be eligible for, medical assistance insurance. Prior to initiation services, authorization is obtained from the public mental health system.

For more information about all of the programs of Family Services, visit us online at [FamilyServicesMD.org](http://FamilyServicesMD.org).

## FAMILY SERVICES

CATHOLIC CHARITIES IN ACTION

Villa Maria Community Resources is a program of Catholic Charities' Family Services Division.

For more information, call 667-600-3000, email [info@cc-md.org](mailto:info@cc-md.org) or visit [familyservicesmd.org](http://familyservicesmd.org).

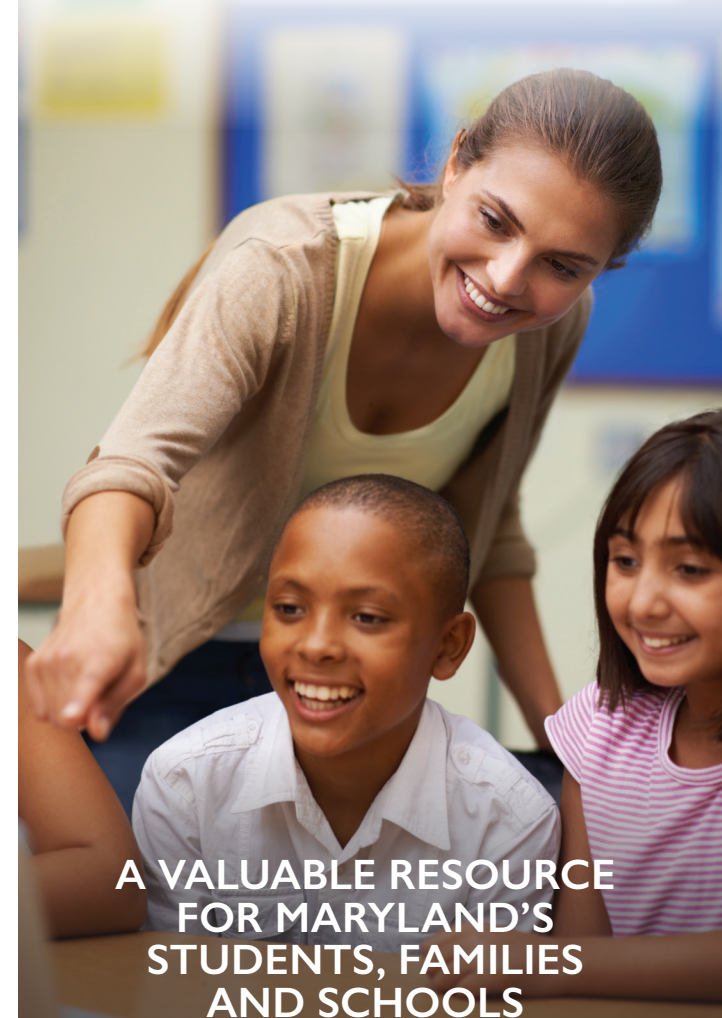

Inspired by the Gospel mandates to love, serve and teach, Catholic Charities provides care and services to improve the lives of Marylanders in need.

### School Based Behavioral Health Services

*Providing services for children,  
adults and families*

**A VALUABLE RESOURCE  
FOR MARYLAND'S  
STUDENTS, FAMILIES  
AND SCHOOLS**

## Who We Are

Catholic Charities serves children, adults and families across Maryland by providing state-of-the-art behavioral health services. We are driven by our mission to serve “through caring, compassionate relationships that honor the worth and dignity of each child, adult and family.”

Our licensed therapists provide mental health services in over 100 schools in Maryland. School-based services have been shown to be effective in helping young people negotiate emotional and behavioral challenges that can impact their school performance and home life.

We provide clinical services to individuals, children and families with the overall goal of enhancing the skills required to be successful in their respective communities, building more successful relationships and exercising better problem-solving at school, home or on the job.

These services are provided by licensed clinicians under the supervision of a clinical supervisor and a board-certified psychiatrist. Goals are identified collaboratively, and strength-based strategies are used to achieve them. Progress is reviewed regularly to address challenges and support positive change.

## What We Provide

- Individual, family and group therapy
- Parent/guardian training in behavioral management
- Case coordination services
- Psychiatric evaluation and consultation
- Medication management
- School-based behavioral health services
